📍 Bengaluru, Karnataka

SUMMARY

I have completed my BCA and graduated in the year 2022. Entry-level data analytics professional; recently completed Google Data Analytics Professional Certificate. Excellent understanding and proficiency of platforms for effective data analysis, including SQL, Sheets, Excel, Tableau, and R. Strong communication, organizational and analytical skills.

I have good skills in HTML, CSS, JavaScript, and Bootstrap, and also have basic knowledge of Android Development using Java and Dart. Self-motivated and hardworking graduate seeking an opportunity to work in a challenging environment to prove my skills and utilize my knowledge for the organization's growth and for myself.
